ALEXANDRIA, VA. WEDNESDAY EVENING, NOVEMBER 3, 1909.

PRICE 2 CENTS

That our American forests abound in plants which possess the most valuable medicinal virtues is abundantly attested by scores of the most eminent medical writers and teachers. Even the untutored Indians had discovered the usefulness of many native plants before the advent of the white race. This information, imparted freely to the whites, led the latter to continue investigations until today we have a rich assortment of most valuable American medicinal roots.

Dr. Pierce believes that our American forests abound in most valuable medicinal roots for the cure of most obstinate and fatal diseases. If we would properly investigate them and in the preparation of the medicine he points with pride to the almost marvelous cures effected by his "Golden Medical Discovery," which has proven itself to be the most efficient stomach tonic, liver invigorant, and blood purifier, and has cured dyspepsia, indigestion, torpid liver, functional and even valvular and other affections of the heart yield to its curative action. The reason why it cures these and many other affections, is clearly shown in a little book of extracts from the standard medical works which is mailed free to any address by Dr. V. Pierce, of Buffalo, N. Y., to all sending request for the same.

Not less marvelous in the unparalleled cures it is constantly making of woman's many peculiar affections, weakness and distressing derangements, is Dr. Pierce's Favorite Prescription, as is amply attested by thousands of unimpeachable testimonials contributed by grateful patients who have been cured of catarrhs, leucorrhoea, and other painful, irregular, prostrating and other ailments caused by weakness, over-exhaustion, and kindred affections often after many other advertised medicines, and physicians had failed.

Both the above mentioned medicines are wholly made up from the glyceric extracts of native medicinal roots. The processes employed in their manufacture, in Dr. Pierce's chemical and pharmaceutical laboratories, with its apparatus and appliances specially designed and built for this purpose. Both medicines are entirely free from alcohol and all other harmful, habit-forming drugs, and full list of their ingredients is printed on each bottle wrapper.

**MURDER IN KENTUCKY.**  
Predictions made on the streets of Jackson, Ky., early yesterday that "only a man or two" would be killed during the voting in Breathitt county were justified at noon in the Spring Fork precinct, and in a dramatic manner.

Tilden Blanton, with a left-hand shot, instantly killed Demosthenes Noble after Noble had crippled Blanton's right arm with a bullet. Noble had previously, according to Blanton, placed a pistol at the breast of two of Blanton's brothers. Noble was a member of a family prominent in feud in the county, and is a former employee of Judge James Hargis. Further trouble is expected.  
Blanton, whose father was democratic candidate for county attorney, was acting as challenger at the polls.  
The shots were fired while Blanton was leaving from the window of the voting place. He was carried into Jackson, to the home of his father, and their arrested.

Reports from Crockettville and Sebastians Branch yesterday morning were that two attempts had been made to destroy ballots near Crockettville precinct, at the mouth of Longs Creek. As was stated in yesterday's Gazette, the home of Mary Dealin, who held ballots for the precinct, was destroyed by fire, and the ballots were burned. At Sebastians Branch precinct the democrats are reported to have seized the ballots yesterday morning and hidden them.

According to their political belief, Jackson and Breathitt county men stigmatize the firing on the Dealin home as incendiary or accidental. Mrs. Dealin was feeding the Lexington soldiers under Capt. Sams when the fire occurred. The ballots were reported as burned, and fresh ones were furnished from Jackson. These are the ballots which an armed crowd of men threatened to take from a Jackson bank last week, and which were finally sent to Mary Dealin by Judge Adams for safekeeping.

Crockettville, the home of Ed Callahan, the noted feudist, and gathering place of the warlike Breathitt county clans, was the chief point of interest in the political war.  
Of the theft of the Sebastians Branch ballots, no details are now obtainable.

**VAN CLEAVE'S CHARGE.**  
J. W. Van Cleave, president of the Back Store and Range Company, in St. Louis, yesterday issued the following statement concerning the decision in the case of Messrs. Gompers, Morison and Mitchell.  
"The assault upon me by the American Federation of Labor in 1906 was plotted in cold blood. I was assailed not as an individual but as president of the National Association of Manufacturers. The federation did this in order to show its power. It aimed to strike terror into everybody outside of its ranks—workers, employers and the general public alike, and to coerce the president of the United States, the Congress and the courts, federal and state, to do its bidding.  
"Supposing that the leaders of the federation would desert from their attacks upon our business when enjoined by the court, I was amazed when to disobedience they added open and ostentatious defiance.  
"And, let it be remembered, these violators of law and these assailants of the courts were not individual officers, but acted in the name of the 2,000,000 persons whom they claim to be members of their league. What would the country think if the head of any great industrial, commercial or transportation interest should violate the law as these men have done and should challenge the courts to carry out the law and to enforce their decrees?  
"It must be remembered that these men are not convicted because of their attempt to destroy the business of the Back Store and Range Company, but because they openly defied the order of the federal court.

**WILL FIGHT BEYOND LAST DITCH.**  
Mr. Samuel Gompers issued the following statement in New York yesterday in regard to the decision of the District Court of Appeals upholding the decision of Judge Wright:  
"With all due respect to the majority of the court, I cannot surrender constitutionally guaranteed rights because a judge will issue an injunction invading and denying these rights. Chief Justice Shepard's dissenting opinion is in defense of constitutional and inherent rights. Minority opinions of courts in the past, when human rights were invaded, have ultimately prevailed and have become the law of the land and the generally accepted rule of life, and I have an abiding faith that the rule in this case will prove no exception. I shall leave for Washington as soon as I can. I want to be within the jurisdiction of the court, whatever disposal is made of the case."  
"We will fight to the last ditch," Mr. Gompers added, "and then on beyond that."  
Fifty years' experience of an Old Nurse—Mrs. Winslow's Soothing Syrup is the prescription of one of the best female physicians and nurses in the United States, and has been used for fifty years with never-failing success by millions of mothers for their children. It relieves the child from pain, cures diarrhea, griping in the bowels, and wind colic. By giving health to the child, it rests the mother. Twenty-five cents a bottle, out 20 cents.
